Sunday, June 6, 1993

Session 1 - Antigen Presentation and Processing

9:00 a.m. - 12:00 p.m.

Chair: Ken Rock, Harvard Medical School

Possible Speakers: J. Monaco, P. Peterson, P. Cresswell, M. Bevan, C. Janeway

Session 2 - Signal Transduction Pathways

7:30 p.m. - 10:00 p.m.

Chair: Art Weiss, University of California at San Francisco

Possible Speakers: L. Samelson, C. Thompson, J. Ledbetter, R. Perlmutter, C. June

Monday, June 7

Session 3 - Animal Models of Immune Deficiency Generated by Gene Targeting

9:00 a.m. - 12:00 p.m.

Chair: L. Glimcher, Harvard School of Public Health

Possible Speakers: F. Alt, M. Aguet, K. Rajewsky, T. Malek

Session 4 - Alloreactivity

7:30 p.m. - 10:00 p.m.

Chair: Hugh Auchincloss, Massachusetts General Hospital

Possible Speakers: J. Bluestone

Tuesday, June 8

Session 5 - Thymic Development

9:00 a.m. - 12:00 p.m.

Co-Chairs: Alfred Singer, National Institutes of Health
Ada Kruisbeek, Holland

Possible Speakers:

Session 6 - Genetic Regulatory Pathways in Lymphocytes

7:30 p.m. - 10:00 p.m.

Chair: Dinah Singer, National Institutes of Health

Possible Speakers: Anjana Rao, J. Leiden

Wednesday, June 9

Session 7 - Assembly of Receptor Complexes

9:00 a.m. - 12:00 p.m.

Chair: Rick Klausner, National Institutes of Health

Possible Speakers:

Session 8 - Mechanisms of Tolerance

7:30 - 10:00 p.m.

Chair: Louis Matis, National Institutes of Health

Possible Speakers: P. Andersen, S. Korsmeyer

Thursday, June 10

Session 9 - Tumor Immunotherapy

9:00 a.m. - 11:30 a.m.

Chair: Drew Pardoll, Johns Hopkins University

Possible Speakers:
